

# FAITH & LEARNING

**At Taylor, these aren't separate pursuits.**

We take seriously the call to love God with all of our minds. Whether we're analyzing the works of Shakespeare, discussing the long-lasting impact of the Mongolian Empire, or in the lab studying the genetics of fruit flies, our faith is engaged.

We know that God, as creator and sustainer of all things, is present in every subject. Every class, lab experiment, and group project is an opportunity to learn more about Him, the world He created, and our place in His plan of redemption.

Our pursuit to grow academically is inextricably tied to our walk of faith.

Our bell tower symbolizes this integration. One pillar represents learning. The other represents faith. On their own, they might be able to stand, but they're lopsided and noticeably unsteady. In order to stand strong, they must be joined together.
