

JOINING THE RANKS OF

EXCELLENCE

EXCELLENCE DOESN'T JUST HAPPEN.

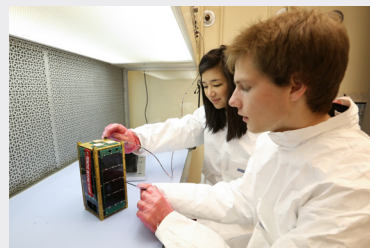

Neither do satellites, research studies, or award-winning films.

At Taylor, excellence is the result of students and faculty combining efforts to develop their God-given gifts and put them into action.

You're invited to join us.

WELL - EQUIPPED

- The **Euler Science Complex**, designed in part by engineering students, is LEED Gold certified and houses research space and equipment for all of the sciences.
- Our **kinesiology facilities** contain state-of-the-art equipment for measuring VO2 max, pulmonary function, electrical activity in the heart, and more. Students use the Human Performance Lab for classwork and research.
- Our film program owns and operates two top-of-the-line **RED cameras**, the same cameras used by Peter Jackson for The Hobbit.
- The **Music Technology Lab** is equipped with ProTools and Digital Performer music editing and notation software. The Recital Hall is designed to record live performances.
- **Art facilities** include studios fully equipped with necessary tools for every medium, including stone plates for etching, a crucible for casting metal, pottery wheels, and Adobe Creative Suite.

HANDS-ON WORK. OUTSTANDING ACCOMPLISHMENTS.

Business students manage and invest **\$2.5 million** of the University's endowment.

STUDY ABROAD

Only **14.2%** of US college students study abroad, but every year at Taylor, roughly a quarter of our student body **participate in an international experience**. Travel opportunities vary from traditional semesters abroad to summer terms, J-term travel courses led by Taylor faculty, and **Lighthouse** and **Spring Break missions** trips.
